

## TABLE OF CONTENTS

Preface .....	i
Summary of Pronghorn Workshop held to date .....	iii
List of attendees .....	iv
List of reviewers .....	vii
<b>General addresses</b>	
Discurso de apertura .....	1
José María Reyes Gómez	
Opening speech .....	4
Lorie Mc Cracken (Translation)	
Pronghorn Province and States Status Report .....	7
<b>Technical papers</b>	
Sonoran pronghorn recovery: habitat enhancements to increase fawn survival .....	19
John J. Hervert, Jill L. Bright, Linden A. Piest, Mark T. Brown and Robert S. Henry	
Relationships between nutrition and behavior in a captive group of pronghorn .....	28
Mary Robinson, Margaret Wild, and John Byers	
Analysis of reintroduced pronghorn populations in arizona using mitochondrial dna markers .....	45
Olin E. Rhodes, Jr., Erin P. Reat, James R. Heffelfinger, and James C. DeVos, Jr.	
Sensitivity analysis as a guide for population management of pronghorn .....	55
Patryce Avsharian, and John A. Byers	
A validation of Arizona's landscape-level pronghorn habitat model .....	63
Cindy L. Ticer, and Richard A. Ockenfels.	
New Strategies for pronghorn food habit studies .....	71
Michael C. Hansen, James D. Yoakum, William H. Pyle, and Robert G. Anthony.	

Pronghorn populations in Chihuahua, determined by aerial censuses .....	95
Danae Azuara, Rodrigo Medellín, Carlos Manterola, and Manuel Valdes	
<b>Posters and Abstracts</b>	
Genetic variation among pronghorn populations using mitochondrial DNA control region as a molecular marker .....	106
Amor, Dalia; Oliver Ryder; Rob Ramey; and Rodrigo Medellín	
History and management of Yellowstone National Park pronghorn .....	107
Wendy E. Clark.	
Capture, hand rearing and captive management of peninsular pronghorn .....	108
Jorge Cancino, Ramón Castellanos, and Victor Sánchez	
Alternative capture technique for the peninsular pronghorn .....	109
Jorge Cancino, Ramón Castellanos, and Victor Sánchez	
Reintroducción y monitoreo de berrendos en el estado de Coahuila .....	110
Guadarrama, Enrique; and Manuel Valdés.	
“Unidos para la Conservación” pronghorn rescue program in the states of Chihuahua and Coahuila .....	111
Carlos Manterola	
Sonoran pronghorn home ranges and habitat use .....	112
Jill L. Bright, John J. Hervert, Linden A. Piest, Mark T. Brown and Robert S. Henry.	
Biotic and abiotic factors affecting quality and quantity of habitat of the peninsular pronghorn ( <i>Antilocapra americana peninsularis</i> ) in the Biosphere Reserve “El Vizcaino”, Baja California Sur, Mexico .....	113
Fernando González and Jorge Cancino	
Effect of birth date on survival of neonatal pronghorn in the northern Great Basin .....	115
Michael a. Gregg, Martin Bray, Kevin M. Kilbride, and Michael R. Dunbar	
Evaluation of aerial line transect for estimating pronghorn populations in Oregon .....	116
Donald G. Whittaker, Walker A. Van Dyke, and Stuart L. Love	
Monitoring a translocated pronghorn population in the northwestern Coahuila, Mexico .....	117
Paola Miranda Almazán and Alfonso Martínez Muñoz	

Nutritional values of some plants ingested by peninsular pronghorn ..... Jorge Cancino.	118
Programa de Conservación y Aprovechamiento del Berrendo en México. Two posters attached ..... Dirección General de Vida Silvestre – Subcomité Técnico Consultivo.	120
19th Biennial Pronghorn Antelope Workshop Agenda .....	121
<b>Business meeting</b>	
Agenda .....	127
Minute .....	128
